

BAD WEATHER SPOILS

COURT DAY MONDAY

More Buyers Were Here Than Bees
and Mules Were Scarce—Politics
Warming a Trifle

Very bad and wet weather spoiled the prospects for a corking good court day here Monday. But notwithstanding the fact that it rained hard nearly all day long, quite a few people came to town and most of them were looking for something to trade. There were about 300 cattle at Nunneley's stock yards, and the demand far exceeded the supply. Buyers were here from all over this and other counties, and what offerings there were were quickly gobbled up at good prices. The fact that sufficient notice could not be given to unloading sections of the country that the quarantine had been declared off, kept quite a lot of stock from getting to market here, is the opinion of A. T. Nunneley, proprietor of Stanford's famous stockyards. Stanford is undoubtedly by far the best stock market south of the Kentucky river, and already Mr. Nunneley is making preparations for a record breaking influx of buyers and sellers next court day, now that the lid is off and the demand for stuff is so keen.

Mule buyers were here in force Monday also but unable to find much that suited them. B. G. Fox, of Danville was looking for some aged hybrids for the British and French government, but was able to secure only one pair. He is advertising for aged mules in this issue of the I. J. and will have a buyer here Thursday. R. B. and J. H. Woods are looking after the matter for him and want all of the hybrids that they can get. There is a great demand for aged mules from the scene of war. They have been killed off so fast in the fighting during the past several months that nearly all of the countries engaged are looking to the United States for both mules and horses. In this connection, much interest has been aroused over Kentucky by the publication of a story in the Lexington and other city papers, that R. F. Carman, a noted race horseman has been commissioned to buy 60,000 saddle mounts for the French army in the Blue Grass country of Kentucky. There isn't the slightest doubt in the world but that this war is going to make horse and mule stock mighty valuable and scarce during the coming year, as well as everything else that the farmer produces.

Charles Rose, of Winchester, was here, looking for some yearling mules, but like the others, he found them mighty scarce articles. As usual, there was considerable politics heard on the streets here Monday. Both candidates for Circuit judge were on hand and one candidate for Commonwealth's Attorney, Judge Hardin came over from Danville, where he is holding court, and was mighty busy with the glad hand for the boys, and Hon. Charles C. Fox drove over from Danville with like driver, a prominent and popular young democrat of Boyle, whom he has selected for his Master Commissioner in Boyle county in the event of his election. Both of the judicial candidates expressed themselves as well pleased with their reception by the voters here and satisfied with the progress they are making in the campaign. Lincoln county is a battleground in the judge's race, and both candidates say that they expect a big vote here. As usual a number of interesting rumors were current with regard to the races and their various ramifications, and those who love the game of politics had many a luscious morsel to roll under their tongues. Judge John Sam Owens, Lincoln county's candidate for Commonwealth's Attorney, had the field to himself, and put in a busy day shaking hands with his friends, and urging the democrats not to forget to go to the polls on primary day and give him a big vote in his home county.

Mat Cohen, was the only candidate for a state office, who was on hand. He is after the Commissioner of Agriculture's place, and his friends say that so far he is making a runaway race for that honor. Mr. Cohen is perhaps the best known horseman in Kentucky. He is very popular here and his friends are working hard to give him a big majority in this county. He was accompanied here by his brother, John Cohen, of Danville.

FOR A BAD COLD

The surest way to stop a cold is to loosen the liver and cleanse the bowels, and the nicest cathartic to do this is a 10-cent box of Cascarets. Take one or two Cascarets tonight and your cold may be gone by morning.

I. J. Gets a High Class Man

Ben Jennings, of Danville, has come to Stanford to take charge of the Interior Journal's mechanical department, which the new management plans to make the best equipped and most efficient in the state, prepared for any kind of work. Mr. Jennings is probably the highest salaried and most efficient printer ever in Stanford. He is an expert on a linotype machine and an all-round high class job and advertising pressman. The addition of Mr. Jennings to the I. J. force will enable it to turn out the very highest quality of work of all kinds, and its very complete mechanical equipment permits it to do so at prices the other fellow can't meet. Mr. Jennings served on the Lexington Lader, at the Transylvania Printing Company and other big city establishments, and is thoroughly up-to-date on everything that pertains to the art of printing. He has recently been doing some good work on the Danville Messenger. The Advocate said of him Monday: Mr. Ben Jennings left yesterday for Stanford, where he has accepted a position as machinist and linotype operator on the Interior Journal. He is a first-class man in every branch of the mechanical department of the newspaper work.

Raising—Not "Cain" But Valuations

By grapevine wire the news comes to this office that the Board of Supervisors is doing some tall "raising." The board has been in session a week and the entire time has been taken up with the Stanford Magisterial District and the better land in that district has been raised from \$5 to \$10 per acre. It will take at least two more weeks to complete the work: the Hustonville, Crab Orchard and Waynesburg districts having yet to be gone over. In breaking the news to the land owners, the I. J. does it to prepare them for what they may expect, as well as to tell the news, it matters not who it hurts or helps, just so it is true.

He succeeds Tom Phillips, who is now associated with his brother, Frank Phillips in their own store, formerly J. F. Cummins' place. Friends of Mr. McRoberts are glad to know that he is improving nicely, and hopes to be out again as soon as the weather details.

Charles Ensslin Passes Away

Charles Ensslin, one of the most prominent citizens of the German settlement of Ottenheim, eight miles south of Stanford, died at his home there last week after a protracted illness. Mr. Ensslin was a fine business man, having been engaged in the tanning, milling and farming business. He came to America about 30 years ago from Wurtemberg, Germany, and soon after settled in Lincoln county where he had made his home since. He is survived by his wife and children and a host of friends and loved ones will mourn that this honest, good citizen is no more.

GOES HE WAY OF ALL GOOD

Walker Routt Dies Near Peyton's Well Early Sunday Morning

At an early hour Sunday morning at his home near Peyton's Well Mr. Walker Routt's spirit returned to the God who gave it. He had been in declining health for a long time, having been a sufferer for years from dropsy. The burial took place in the Hustonville cemetery Monday morning after brief services at the home and at the grave by Rev. C. R. Elain. Besides being a splendid citizen, Mr. Routt had for years been a member of the Presbyterian church and there are many friends over the county who learned of his taking away with much regret. Mrs. Routt preceded him to the grave a number of years but the following children are left to mourn the loss of a kind and indulgent father: Jesse, George and W. D. Routt and Miss Mary Routt. In their sorrow they have the comforting thought that they weep not alone and that father is better off.

Vogel's Minstrels Pleasing

John W. Vogel's Minstrels pleased a well filled house Saturday night. The first part was clean and good and the specialty work in the second was of a high order. There was an abundance of dancing and some steps even never in the maxixe and tango were introduced. The singing was not altogether strong, but there were some very good voices. The contortionist was the best ever seen here, and those who like that part of show should have enjoyed it to the fullest. Mock & Crawford made an excellent musical team and brought forth rounds of applause. Harley Morton as a stump speaker, was fine and those who know "Free Silver" Johnson enjoyed his work most, for there were persons in the audience who were almost constrained to the belief that the once Lincoln county politician had turned his attention to making fun. The brass band was good and the orchestra better and to make a long story short the performance was most enjoyable and satisfying.

Mrs. Mary S. Johnson Dead

Mrs. Mary S. Johnson, relict of Hiram Johnson, died at her home near Shelby City of Bright's disease and was buried by the side of her husband in Buffalo cemetery Friday. She was 66 years old and a most excellent Christian lady. For many years she had been a devoted member of the Baptist church. Mr. Arons, a good friend and neighbor, made appropriate remarks at the home and a large number of friends followed the remains to their last resting place.

COL WALTON'S NEW

WEEKLY PAPER

First Issue Will Appear Saturday, January 16th, and Says He Will It Interesting to All

Col. W. P. Walton, who proposes to establish a weekly newspaper in Lexington, has issued the following prospectus:

New Paper For Lexington

To the Public: After due reflection and consideration of the possibilities of an up-to-date weekly paper in Lexington, I have decided to start one and hereby ask my friends and the public generally to give me their moral and pecuniary support to enable me to make it the success it should be. I am confident that a weekly issued along the lines I have mapped out will prove a welcome visitor to every family and to that end I will devote my fullest energy.

Besides a digest of the general and local news, editorials and miscellaneous matter, there will be departments devoted to farm topics, society affairs, fashions, markets, especially of tobacco and stock, and anything else that amuse, instruct and interest. In short it will be a paper for the fireside and the business office and I trust soon to have it find its way into most of them.

The paper will be Democratic and will be sent out on Friday morning in time to catch the rural deliveries and will be eight pages, seven columns to the page. The price is fixed at the low one of \$1.50 a year in advance and I ask all who think I can produce a paper in every way worthy of their support to send me that amount.

My reputation as a newspaper man, I am sure, guarantees a fulfillment of my promises and I confidently expect to receive a liberal response to my appeal.

The first issue will appear on Saturday, January 16th, and be issued from the late office of Mr. Lucien Beckner, 136, 138 and 140 West Short street, whose job printing plant and good will I have purchased. A cordial invitation is extended to all to call on me there.

Respectfully,
W. P. WALTON.

WARE FAMILY REUNION

A Number of Delightful Events Signalize Happy Gathering

A series of delightful affairs has been held during the past week or two, being a continuation of the Ware family re-union, which was held at the home of Col. and Mrs. F. M. Ware near McKinney. Mr. and Mrs. J. F. Ware, of Boyle, entertained at their beautiful home on the Shakerstown pike, one and a half miles from Danville, New Year's Day. Covers were laid for twenty. The decorations were in pink and white with mistletoe and holly. It was an old fashioned country dinner. The menu being turkey, old ham, and all accompaniments, eight courses being served. Among the guests were Mr. and Mrs. W. B. Gragg, Sacramento, Cal., Mr. and Mrs. F. M. Ware, of McKinney; Mrs. Cye Button, Lexington; Mr. and Mrs. S. H. Pollard, of Hooker, Ok., Mrs. Pink Baker, of Somerset, Mrs. John Bishop of Hustonville, Mrs. J. M. Ware, of Indianapolis, Mr. and Mrs. Ansel Ware, Dallas, S. D. This was one of the series of entertainments being held by the Ware family of ten children, six sisters and four brothers, nine living and all present except one brother W. H. Ware, of Paris, Ill., who was taken ill with a cold just as he was ready to make his departure for Kentucky to be at the re-union, but much to the regret of the Ware family he was advised by his physician that it would not be safe for him to come. The Ware family is quite proud of their longevity, as the youngest one of the nine children, is nearing three score. The time was spent in dancing and playing games of childhood days, with music, singing old time religious songs. J. H. Ware, of Indianapolis, the bachelor and his bass singing, was a central figure and all had a most enjoyable time.

Lincoln County's Oldest Citizen Celebrates 95th Birthday

Mr. James Dudderar, Lincoln county's oldest citizen, celebrated his 95th birthday Friday and his daughter Mrs. Bowman Owens, and Mrs. Sam M. Owens made it an occasion long to be remembered. Some 25 friends were invited to the hospitable home of Mr. Owens, near McKinney and a dinner was set by the above ladies that would have appealed to any epicurean. In fact, there were many things to tickle the palate that it would be difficult to enumerate them. After the elegant meal had been partaken of Mr. Dudderar gave his visitors a brief history of his long and honorable life. His mind is as clear today as it was in the prime of life and he is as good an entertainer as he was thirty years ago when he old goods in Stanford. Mr. Dudderar is in many respects a remarkable man and Lincoln county has few, if any better. That he may live for many more years and continue to spread sunshine on the way, is the wish of his friends, whose name is legion.

CASWELL SAUFLEY BACK

FROM SCENES OF WAR

Local Boy in Uncle Sam's Flying Service, Saw Exciting Scenes in Mediterranean

Lieut. Caswell Saufley, of Stanford, who has been a member of the aeronautic corps on the United States cruiser North Carolina, in Mediterranean waters, has been returned to this country together with his brother aeronauts, Mustin Belinger and Capehart, and will be stationed at the flying station at Pensacola, Fla., during the remainder of the winter. Lieut. Saufley is now in Knoxville, Tenn., visiting his mother, Mrs. Sallie R. Saufley and his sister Mrs. T. S. Webb, Jr. He is expected here shortly for a short visit to his brother, Rowan Saufley and family before going south.

The naval flyers came home on steamer Finland which was three times stopped in the Mediterranean by war vessels. Although the four officers were reticent about discussing conditions in Turkey, it was learned that for several days after the declaration of war by Turkey somewhat of a panic existed among the American missionaries of the Beirut district, and that as a matter of precaution the officers of the North Carolina had mapped out the principal streets around the American missions and consulate and were in readiness, on signal, to land marines should the occasion demand.

The situation in Turkey with respect to the attitude toward foreigners when they left they said, was decidedly peaceful. The incident of the firing upon the launch of the Tennessee by the Turks was given more prominence, they thought, than conditions justified, as the shot was merely a warning to the warship's boat crew not to run into a mine field.

The officers are attached to the Navy Aviation Corps and part of their time abroad has been spent in observing the aerial work of the French and British. They declined to discuss the matter, saying they had a report to make to the naval authorities at Washington.

H. C. Garrison. They were accompanied by Mrs. Ben Bowling, sister of the bride, and Misses Cleo Brown, of Parkville, and Ollie Hayden of Danville, friends of the bride. The groom is a son of Mr. M. M. Sandidge, of Moreland. After the ceremony the wedding party returned to the bride's home where a delightful supper was served. After January 29th the happy couple will be at home near Moreland. Many friends of the bride and groom extend heartiest congratulations.

Dull in County Court

"Dullest January court in years," said County Clerk Cooper when an I. J. man called on him to get the official transactions of Monday. "The will of Charles Ensslin was probated" a few orders entered and some little routine work was the extent," he added. The will of Mr. Ensslin makes his widow, Mrs. Wilhelmina Ensslin, his executrix and leaves his property to her in fee simple after devising \$50 to Otto Ensslin, \$100 to Herman Ensslin, and \$50 each to Ernest and Barbara Ensslin. The will of Mrs. Hiram Johnson would have been probated but for the absence of a witness. The books were left open and it was probated today. She left an estate valued at \$12000 in her nephews and nieces some 35 in number.

POLITICAL ANNOUNCEMENTS

The Interior Journal is authorized to announce the following candidates for office, subject to the Democratic primary in August, 1915:

For Circuit Judge

C. A. HARDIN, of Mercer county.
CHAS. C. FOX, of Boyle county.

For Commonwealth's Attorney

E. V. PURYEAR, of Boyle county.
R. W. KEENON, of Mercer county.
J. S. OWSLEY, of Lincoln County.

Jailer DeBorde, of Lincoln county, has two prisoners. Jailer DeBorde, of Boyd county, has 125, 30 of which, to the credit of the county he it said, are Federal prisoners. This comparison speaks volumes both for Lincoln county and the local option cause as we see it here. Lincoln county has a more fortunate location, being in the favored blue grass section, where her citizens have had almost every advantage. Boyd is classed with the mountain counties, and while she is rapidly forging to the front, even the present generation's opportunities have not been, nor are as great. But the real cause of the Boyd county Jailer's "full house" is that whisky is sold in Catlettsburg, the county seat, and Ashland, only five miles away. But that state of affairs has existed a long time and not until West Virginia went dry did Boyd's jailer enjoy such a harvest. West Virginia is just over the river from Catlettsburg and the thirsty citizens of Huntington, a city of 40,000 inhabitants and Ceredo and Kenova, thriving towns of the same state, quench their thirsts in Boyd's capital. Many do not drink temperately and the result is they get drunk and the "cop" gets them. A gentleman from Catlettsburg told the writer that for the three weeks preceding Christmas more than \$100,000's worth of booze was shipped out of his town each week, and that the amount drunk there and carried away in jugs and bottles could hardly be estimated. The existing conditions work a hardship for both the "wet" town and the prohibition State. The former gets more than her share of drinking and the latter is precluded from enforcing prohibition. But what are you going to do? One State permits what the other prohibits. The National "prohib" would answer the question in a jiffy and say "give us prohibition." So say we all. But there's the rub. What are we going to do in the mean time? With saloons just over the line and the shipment of whisky into dry territory permitted, seems to us we are betwixt the "devil and the deep blue sea." Patience and shuffle the cards with the hope that things will adjust themselves, is about the best view to take of the matter, and in the mean time we will have to condole with our Jailer DeBorde for his dearth of business and congratulate the other Jailer DeBorde on getting the fattest plum that has fallen in that section of the State in years.

The War of the Kings

The great European war has been rightly called the War of Kings. The great mass of the men who are doing the fighting have no idea what it is all about, but go forth to slay each other at the behest of their rulers. This has been repeatedly shown by the friendly intercourse between the rank and file of the opposing armies while lying idly in trenches waiting for orders. A dispatch from Berlin, says, however, that German army authorities have issued a special general order prohibiting in the future troops in field from fraternizing with the enemy's forces as they did at several points on the Western theater of war at Christmas. To such an extent was the fraternizing carried that at one place, where the Germans and English played football Christmas day, they agreed to suspend hostilities two days more.

If Judge B. J. Bethurum, of Somerset is half as strong as one would conclude after reading the endorsement.

No tribute is so appropriate as a monument, cut from enduring granite. It stands unaltered, unchanged, preserving a memory through the long years.

NERVOUS DYSPEPSIA GAS OR INDIGESTION

Each "Pape's Diapepsin" Digests
3,000 Grains Food, Ending All
Stomach Misery in Five
Minutes.

Time it! Pape's Diapepsin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn; that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors. Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

ment in the last issue of the Somerset Herald. It would seem a silly piece of business for any one to enter the fight for the nomination for circuit judge at the hands of the republicans against him. The lawyers and many business men in every county of his district testify that they want to keep him on the bench and if this is the case, why not let him stay in the office he has both honored and elevated?

U. S. Senator Johnson N. Camden announced from Washington on Monday that he will not be a candidate for the democratic nomination for governor of Kentucky. Senator Camden has many friends over the state who are interested in this announcement on his part. On the same day Prof. H. H. Cherry, head of the State Normal School at Bowling Green, threw his hat into the gubernatorial ring and the end of candidates seems not yet.

HEARD ABOUT TOWN

A. K. Walker, of Garrard, father of Walter O. Walker, of this city, sold to Smith Brothers, of Waco, Texas, one of his famous fox hounds for \$150.

In remitting for his paper from Winnipeg Manitoba, Geo. E. Chancellor says that business is good and that the climate is fine but when he adds that the mercury is 25 degrees below zero, we begin to wonder if he is not jesting about the whole proposition.

The Horse, Jack, and Mule Breeders' Association adopted resolutions endorsing R. L. Hubble, of Stanford, for superintendent of the Panama-Pacific Exposition. An excellent selection. There is no man in Kentucky who can fill the bill more creditably than our "Took" and were it not for losing him from town for that length of time would insist on his taking the job and holding it down to the "queen's taste" that we know he could.

Dr. W. J. Edmiston and Mr. J. F. Wood, of the East End were here Friday and left some printing for Epson Hill Sanatorium. Mr. Wood who is an experienced hotel man arrived a few days ago from Saginaw, Mich., and will have charge of the sanatorium which is yet a young institution but at which over 1,000 patients have found relief. Dr. Edmiston says that the prospects for a successful year are very good indeed and that the Sanatorium is better prepared than ever to take care of all who come for treatment.

Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly get from them. Hall's Catarrh Cure contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c. per bottle. Take Hall's Family Pills for constipation.

TO THE PUBLIC

I represent the largest and best made-to-order clothing house in this country--Ed V. Price & Co., Chicago, Ill. My experience in measuring and directing the making of your clothes, gives me the advantage over one who is not a practical tailor. If you will give me your order I will promise you a square deal. You will get the worth of your money, either in the cheaper grades or the higher priced. My fall and winter line of samples are now ready for your inspection. Call and let me show you. **H. C. RUPLEY,** The Practical Tailor.

SPECIAL PRICES--READ

It has been our custom always at the close of each season to make Special Low Prices on certain articles and we always make the Prices low enough to justify your buying and putting away for another season. This time we are making this Special Price early so you can wear the goods now and get the benefit of them this cold weather. **Kersey Suits.** You know they are very heavy and warmest of all clothes. Absolutely all wool. Sold the nation over at \$10. We have just about a dozen suits left and the price will be \$6.85 for Coat, Vest and Trousers.

Overcoats. We are going to make the price so you will buy if you expect to live this winter and next to wear them. We have too many to name all prices here, but they will range in men's coats from \$3.50 to \$17.50, and take our word for it, they are cheap.

MIDDLEBURG

Prof. A. E. Wesley will teach a normal class at the Hogue schoolhouse, near Yosemite, beginning Jan. 4th.

Will Ray was fined \$50 in Squire Staton's court on a charge of assaulting John Will Black. The parties live on Hatter Creek.

Mrs. Jack Wells has been confined to her bed for some weeks with acute rheumatism, but is better at this writing.

Mr. and Mrs. James Godbey, of Somerset, spent the holidays with Mr. and Mrs. V. T. Wilson on Doe Creek. They returned to Somerset Thursday.

Mr. and Mrs. W. T. Jasper spent the holidays with Mintonville relatives.

Whooping cough is worrying the little folks in this town at present.

We said some weeks ago in these columns that there would be something doing in politics in this county soon, and our predictions, came true. The woods are said to be full of "candidates for representative. Charles Fair and Ed Wesley have already announced for the Republican nomination and others will "bob up" in a few days. Democrats have usually allowed them a walk-over in the race for Representative, but it is understood that a good strong man will be put in the field this time.

Rev. J. L. Dotson, of Harrodsburg, will preach at the Baptist church Saturday night, Sunday morning and night. Rev. Dotson conducted a series of meetings here two years ago, and endeared himself to the people and all are glad to have him come back.

D. A. Thomas, of Stanford, was here Sunday shaking hands with his friends. Mr. Thomas was instrumental in the organization of the Farmers' Deposit Bank here, and was its first cashier.

A Trial Will Convince Anyone--The Great Kidney Remedy Never Disappoints

A few years ago I was troubled with a complication of kidney and stomach ailments and although I tried two or three different doctors, I was unable to obtain a cure. Having heard a great deal about Swamp-Root, I decided to give it a trial and purchased a one-dollar bottle of Mr. Alexander, the druggist. From the beginning I could notice a change for the better and after taking eight bottles of your medicine, I felt entirely cured and have not had any trouble since.

Had I begun using Swamp-Root sooner, I would have been a few hundred dollars to the good and saved myself a lot of suffering.

You may use my testimonial any time you wish. Yours very truly,

CHARLES E. HARRIS,

490 Sixth St., Marion, Iowa.

I certify that Charles E. Harris signed the above testimonial in my presence, being first duly sworn to the truth thereof, this 12th day of July, 1909.

Remember expression is one of the greatest educational factors in the world and the study of it develops the mind as much as the study of mathematics or any of the sciences.

She will have a room at the Graded School building beginning Monday.

There is a teachers' training class starting in the King's Mountain Graded School. Anyone preparing to teach should communicate with Principal K. E. Sutherland, King's Mountain, Ky.

Esther Whitley Burch, who had unusual success as a teacher of Expression and Physical Culture, has returned to Stanford and will have classes in these branches here.

The work will prepare pupils for Teachers, Platform Readers, Orators, Social and Home Life. All lines of dramatic work will be taken up, great attention being paid to correction of defective speech and proper use of the voice.

Pupils will be brought out in public recitals and plays. Classes will be arranged for teachers and children, and a normal class for those wishing to teach expression. Credit given at Emerson College of Oratory, Boston.

Printed Stationery for Farms

Every farmer who owns his farm ought to have printed stationery, with his name, the name of his postoffice and properly given. The heading might also give the names of whatever crop he specializes in, or his specialties in stock. Neatly printed stationery gives you a personality and a standing with any person or firm to whom you write, and insures the proper reading of your name and address. If you wish to write to your congressman or member of the legislature, or if you have a request to make of your county superintendent of schools, or if you wish information from any business house, in any case your letter will have increased weight and receive more and quicker attention if you use stationery. Get the habit. Come in the I. J. office and have us print you 500 sheets of good paper with envelopes to match. It will be one of the best investments you ever made.
